# SupaSafe EzyWipes

As the name says, they are SupaSafe  
NON DG NON FLAMMABLE

SupaSafe EzyWipes, these wipes will remove graffiti tags from all smooth surfaces with the same rapid action and great results as the Graffiti EzyWipes.

## FEATURES

- Nil Odour
- Polycarbonate/Perspex Friendly
- Certified Product
- Handy 35 wipe pack
- 30mm x 20mm large size wipe
- Heavy duty locking lid
- Strong non-scratch cloth
- Sealed inner foil liner. The only product in the market in this format

## BENEFITS

- Ideal for confined areas with little or no ventilation
- The only graffiti removal product that will not etch polycarbonate/Perspex
- pH neutral and conforms to Australian NOHS Criteria
- Compact Canister, takes up very little space
- Remove up to 10 tags with 1 wipe
- Secure and robust
- Better grip for more efficient graffiti removal without scratching
- Reduces chemical evaporation by 80% even in the hottest climate
- Approved for storage and transport as Non DG & Non Flammable due to the unique packaging

### **Case Study: 2012. Victorian Buses**

*SupaSafe EzyWipes were originally developed for the bus/coach industry. We were required to provide a "wipe" solution that had nil odour, left no damage to the windows (polycarbonate), were able to be used in a non-ventilated environment (bus/coach windows do not open) and had to be fast-acting to meet tight turnaround times. We ticked all the boxes and SupaSafe EzyWipes have helped bus companies since 2012*

### **All of the products in our EzyClean Graffiti Remover range**

- ◆ Use 60% less water in the "rinse off" than our competitors
- ◆ Works "Wet On Wet"
- ◆ Fully neutralised when rinsed with water

Available in Box of 12 Canisters

## DIRECTIONS

1. Remove a wipe from the Canister, scrunch it up.
2. Using a circular motion, remove graffiti in small areas at a time.
3. Continually turn the wipe over to keep the area clean
4. After removing the graffiti, immediately clean the surface with a damp cloth
5. Wipe off any residue with a dry clean cloth

SupaSafe EzyWipes will remove: ballpoint pen, ink, felt pen, magic marker, crayon & spray can paints from: polycarbonate/Perspex, signs, chairs, whiteboards, walls, postal drop boxes, newspaper dispensers, desks, real estate & road signs, control boxes, playground equipment, bus stops, plastic, powder-coat finishes & acrylic

## IMPORTANT

- Always read the Directions before using any cleaning product and observe all safe working requirements eg: safety gloves, safety glasses, long sleeves etc.
- Always test a small inconspicuous area before use
- Always ensure the foil is closed and the Canister cap is sealed to prevent wipes from drying out
- Store in a cool dry place
- Shelf life, always closed after use, 2 years

Disclaimer: This data sheet is to provide information on the product based on current knowledge. It does not constitute a guarantee. Always test a small inconspicuous area first to ensure that the final result is satisfactory
